Curt,

I'll ask the EPA site attorney for Arkwood about your request to record the meeting. She is out of the office this week but will return next week.

I've checked with both Carlos Sanchez and Don Williams - both understood that the meeting on Nov 9 is at your request and neither of them has spoken to McKesson or intends to speak to McKesson about the meeting.

I spoke with Tammie Hynum at ADEQ to invite ADEQ's participation via video conference. Tammie stated that ADEQ would participate. However, if you have specific ADEQ staff/management you'd like to attend the meeting then I encourage you to contact them directly to request their participation.

I've reviewed your proposed draft agenda and have forwarded it to Don Williams and Carlos Sanchez. EPA will finalize the agenda as we get closer to Nov. 9.

Thank you,
Casey

Casey,

Will it be possible to record the upcoming meeting?

Can you confirm that the meeting will take place without any McKesson participation? I don't want to be blindsided at the last moment by Jean Mescher or her attorney, as I was in Arkansas last April.

The ADEQ staff whom I feel are important are listed in the draft. I particularly hope that both Director Marks and Managing Attorney Harrelson will make time to attend.

Thank you.
Curt
